On 20060116 at approximately 1835 hours my wife and children came to work to see me due to the fact that I was about to get off of work and the children were not minding. When my wife arrived at the PMO she told me that she was trying to get in contact with a person that owed her some money and that she had no success. I asked how that made her feel and she told me that it made her angry. I told her that she had waited to long and that the person had probably forgot about the money that was owed, I then asked her what the address was and she informed me that she did not know. I told her I would be right back and I left to ask the Desk Sergeant if I was allowed to find an address for my wife due to the fact of the money being owed, and he said no. While I was inside the PMO I had to run a weapons check on NCIC and by the time I was completed my wife came into the PMO and talked to SSG Kegley about an issue that had occurred while her brother (Michael D. Harvey) was down from 2 November 2005 to 28 November 2005, and in turn SSG Kegley informed me of what he was told, and asked me to talk to my wife to see if I could calm her down and get the story from her. I went to talk to my wife and asked her to tell me what had happened, and she proceeded to tell me that when her brother was down in November of 2005 that he possibly Sexually Assaulted our oldest child (REDACTED) which is 5 yrs of age. I then asked how that was due to the fact that we took every precaution to prevent it from happening. We only took precautions due to the fact that my wife informed me of some issues of misbehavior that her brother had in the past. I asked her to go into detail and she told me that while they were in the van (REDACTED) asked if we were going to his Grandma's and she told him that we possibly would and (REDACTED) informed her that he did not want to go because the last time that David was at our house he put his hands down my pants and played with my pee-pee. I then informed SSG Kegley and he in turn made the (REDACTED)
